# To Our Customers . . . . .

**W**E TAKE pleasure in presenting our descriptive list of roses for delivery in the fall of 1926 and 1927.

We grow all our roses ourselves and they are the product of the most painstaking care backed by years of experience.

Each variety is carefully tested and you may be assured of receiving them in the best of condition.

Coincident with the rapid growth of our business we have received many testimonials commending the excellence of our plants and our methods of packing for shipment.

Our policy throughout has been that of giving our customers the benefit of the lowest prices while maintaining a high standard of excellence, and that this policy has brought its own reward our list of satisfied patrons, who deal with us year after year, is sufficient and gratifying evidence.

To old and new customers alike, we take this opportunity of extending thanks for their patronage and we assure them it will be our greatest pleasure to serve them in the future as it has been in the past.

In order to avoid disappointment you are requested to place your orders early, as our stock of some varieties is limited.

## Our Wonderful Achievement of New Product in Roses --- 1926-27

### RUSSELL SUPREME, H. T.

Sport of Russell, 1927.

Light pink, growth stronger than Russell. Abundant super-bloomer. Most excellent in green house, as well as in garden. Vigorous growth.

### PACOIMA, H. T.

Sport of William Dreer, 1927.

Flesh color with yellow. Very vigorous growth in splendid shape. Brilliant large flowers. Thick hardy foliage.

### MISS TALMADGE, H. T.

Sport of Constance, 1927.

Deep yellow color, like Sov. Claudius Pernet. Growth stronger than others. Shiny green foliage, mildew proof, large double petals, stiff stem, superb blossoms.

### PACIFIC, H. T.

Sport of Los Angeles, 1927.

Beautiful soft pink, like Pink Frau Karl Druschki. Large and long buds with long stems. Vigorous growth. Plenty of flowers all year round.

### CLIMBING RED RADIANCE, H. T.

Sport of bush Red Radiance, 1927.

Vigorous growth, very large blooms. Rich red color. Plenty of flowers, with glossy foliage.

### CLIMBING WILLIAM DREER, H. T.

Sport of bush Wm. Dreer, 1927.

Beautiful yellow color, excellent growth, strong stem. Very hardy and vigorous.

### CALIFORNIA BEAUTY, H. T.

Sport of Mme. E. Herriot, 1926.

Salmon yellow, quick grower. Bush Herriot type. Large blossoms and fuller than Herriot. Free bloomer. A very good rose for forcing.

### CLIMBING LOS ANGELES, H. T.

Sport of Los Angeles Roses, 1926.

Ever blooming. Blossoms twice the size of bush Los Angeles. Vigorous growth. This is an improvement on the original Los Angeles Rose—superior to it—and we believe superior to any other of this type on the market.

### CLIMBING CONSTANCE, H. T.

Sport of Constance, 1926.

This is the best yellow climber. Blossoms much larger than those of the bush rose and has fine glossy foliage. Vigorous growth.

### CLIMBING LOLITA ARMOUR, H. T.

Sport of Lolita Armour, 1926.

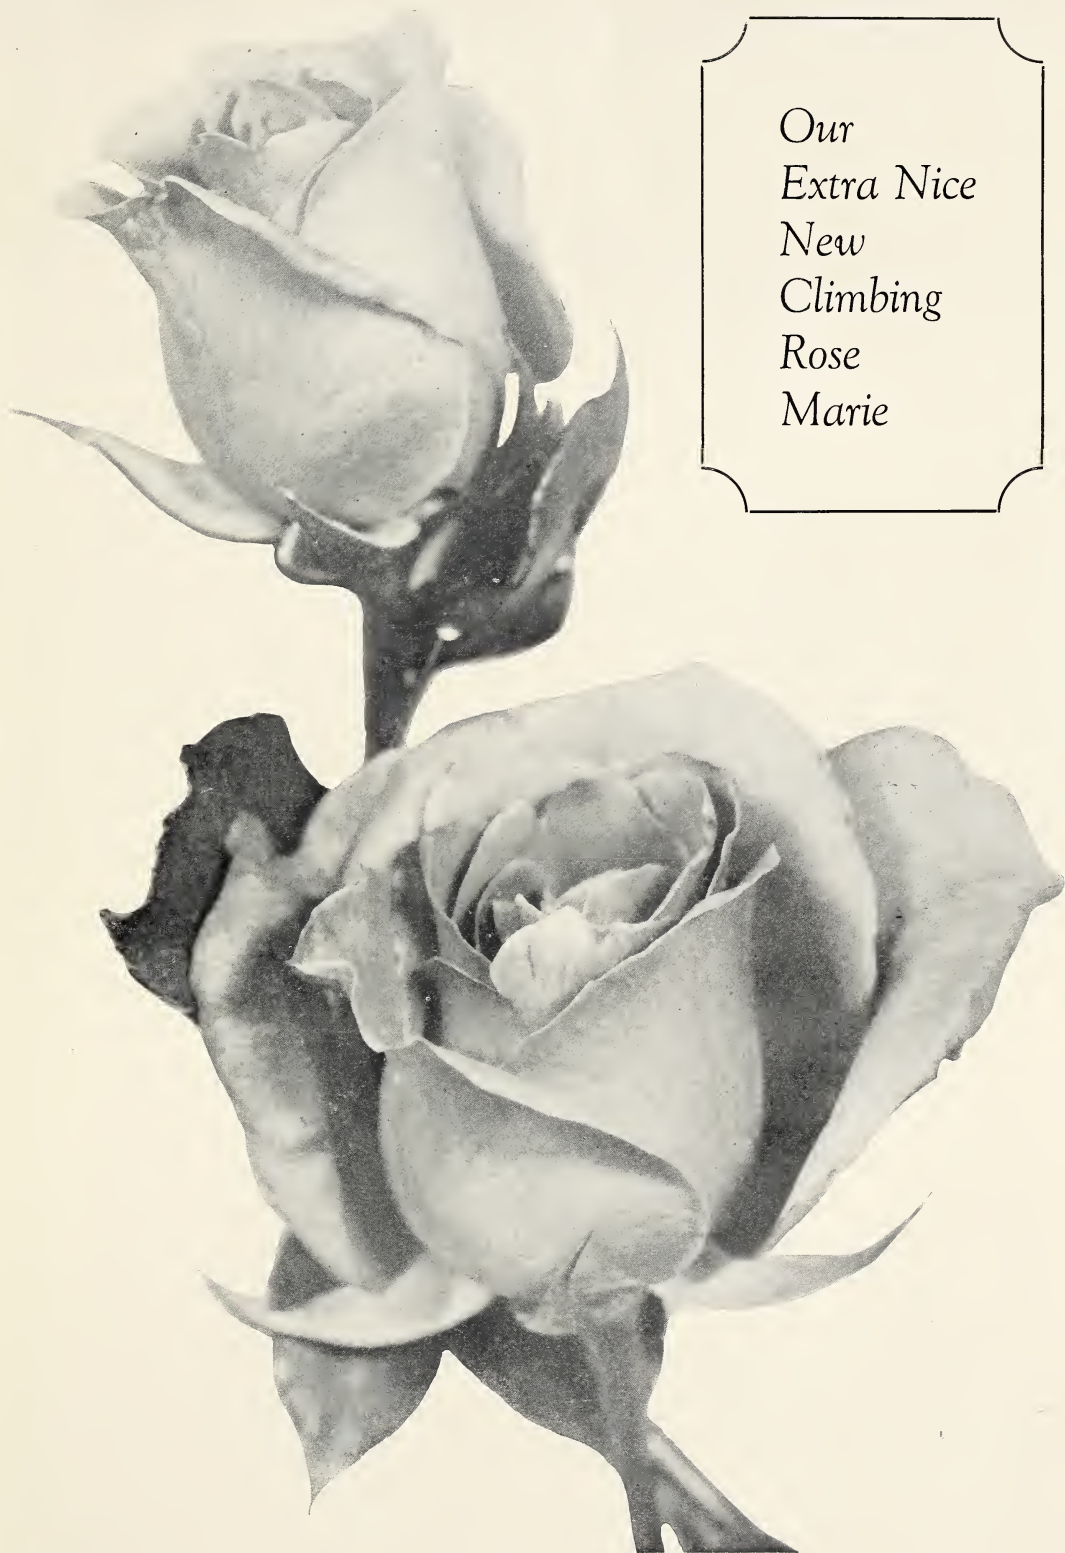

Copper yellow, vigorous growth, profuse bloomer, hardy stems. A very beautiful garden rose.

### CLIMBING ROSE MARIE, H. T.

Sport of Rose Marie, 1926.

Deep pink, large and long buds, very large flowers with double petals, best climber we know of. We recommend this rose as the best in the market for forcing.
